# PRAGUE - AT THE CROSSROADS OF CULTURES

## Prague at the Crossroads of Cultures

**Prague**, the capital of the **Czech Republic**, has been an important centre of culture and learning for over a thousand years. Its first university was established as early as 1348. It was the first university of its kind in central Europe. Famous European scholars of the late Renaissance, such as astronomers **Tycho Brahe** and **Johannes Kepler**, lived and worked in Prague. Throughout the 17<sup>th</sup>, 18<sup>th</sup> and 19<sup>th</sup> centuries, many world renowned scholars and scientists held chairs at **Prague's Charles University**. In the late 19<sup>th</sup> and early 20<sup>th</sup> century, **Ernst Mach** and **Albert Einstein** held chairs at the **Department of Theoretical**

**Physics** at the German University of Prague. French, German and particularly Italian architects, sculptors and garden designers, have given Prague a unique cosmopolitan flair. **The Old Town, Charles Bridge**, the **Small Quarter, Prague Castle**, and masterpieces of late Gothic, Renaissance and Baroque architecture have been carefully maintained and protected by successive generations of rulers and monarchs, keeping the historical centre of Prague virtually untouched and perfectly preserved. **UNESCO** has listed Prague's historical centre as one of the cultural heritages of mankind. Apart from being an attractive tourist destination and centre of arts and culture, Prague is also a prominent centre for higher education - at a crossroad between East, West, North and South, it is the ideal destination for anyone who wishes to be part of a truly global experience.

# WELCOME TO OUR UNIVERSITY!

Dear students and prospective students,

By choosing Prague as your study destination, you have made an excellent decision. If you have chosen the Czech University of Life Sciences Prague (CULS), you have made an even better decision. As an alumnus, I am well aware of the importance that students, as well as prospective students, assign to their study environment, particularly if they are planning to spend an important part of their lives away from their home country. Our university has one of the nicest campuses in Europe, fully landscaped with trees, tended flowerbeds and grass lawns, and includes plenty of opportunities to take part in sporting and cultural events. The Faculty buildings are equipped with state-of-the-art labs and spacious lecture rooms. To top it off, the CULS campus is on the outskirts of Prague, one of the most beautiful cities in the world. You are just twenty minutes by bus or underground from its historical centre!

CULS is proud of its multicultural environment. We offer almost 200 study programmes, over 60 of which are taught entirely in English, at the bachelor (undergraduate), master (graduate) and doctoral levels. We offer many study programmes related to life sciences that prepare our students to become specialized professionals. They are thus capable of finding solutions to even the greatest challenges currently facing our modern world, such as food security and safety (not only at home, but also in the global south), adaptation and resilience to climate change, the 4th industrial revolution in agriculture and forestry, renewable energy resources, protection of biodiversity, etc. Furthermore, in the framework of their life sciences study, our students have a chance to work with interdisciplinary teams, leading to highly effective and innovative solutions.

By choosing to study life sciences at our university, you have made a wise and far-sighted decision. Studies in life sciences are very much

the current trend. In fact, life sciences are key disciplines for ensuring the quality of our current and future lives. These days, quality of life is not solely determined by the level of economic prosperity, but also by the quality of health care and education. We need quality food and clean water. We also need to safeguard our traditions, natural resources and cultural values. Though the contents of our study programmes include traditional knowledge, we also investigate the latest trends in modern science, guaranteeing that both the contents and the didactics of our study programmes are up-to-date. Connecting scientific research with didactics is an important aspect of studies at CULS. Due to this policy, CULS has gained respect throughout the world as an important centre of European higher education, particularly in the area of life sciences.

The internationalisation of our university has helped in achieving this position. Each year almost a thousand students from CULS travel abroad for studies. Almost two thousand international students come to study at our university. More and more teachers and researchers come to our university from abroad. The international character of CULS allows us to increase the quality of teaching and research outputs. To be sure, internationalisation is indispensable for achieving academic excellence at CULS.

With more than 18.000 students, CULS ranks amongst the six largest universities in the Czech Republic. CULS is also a member of the Euroleague for Life Sciences (ELLS), a consortium of seven leading life sciences universities in Europe. Due to our membership in ELLS, we have been able to increase our cooperation with our partners in the areas of student exchange and scientific research. We are also cooperating with our partners for the implementation of several double and joint-degree study programmes. The added value of double degree programmes is that talented students are awarded a second diploma from a prestigious European university.

I am confident that you will thoroughly enjoy your studies at our university and thus build a strong foundation for your future career.

Welcome to our university!

**Professor Dr. Petr Sklenička**  
Rector

Erasmus+ Incoming Coordinator

**Bc. Ondřej Votinský**

E-mail: [erasmus\\_incoming@rektorat.czu.cz](mailto:erasmus_incoming@rektorat.czu.cz)

CULS Prague has launched the **Erasmus Without Paper Initiative**. Therefore, incoming Erasmus+ exchange students do not submit any paper or online application form for study at CULS Prague.

First, a student must be nominated by their sending institution (student's home institution).

After their nomination and acceptance, the respective Incoming Erasmus Coordinator will create the student's profile in the CULS University Information System (UIS). The student will then receive their username and password **by email**. After logging in to UIS, it is imperative that students upload their photo and fill in missing details regarding their address and passport/national ID number. We will then ask students to submit the following in UIS:

- Transcript of Records (overview of your study results/grades)
- Health Insurance Card (European blue card or commercial travel insurance)
- Language Certificate if it is applicable

## LEARNING AGREEMENT

At CULS, we fully endorse the Erasmus Without Paper Initiative, supported by the European Commission. For that reason, we only accept submissions by an **Online Learning Agreement** (OLA).

**Incoming students are allowed to choose and mix courses from all faculties; incoming bachelor's degree students may also enroll in master's level courses.**

# STUDENTS (EXCHANGE STUDIES)

Online Learning Agreements are signed by **our institutional coordinator**, who can be contacted at the following email address: [erasmus\\_incoming@rektorat.czu.cz](mailto:erasmus_incoming@rektorat.czu.cz). This is also the email of the responsible/contact person for any questions regarding the process of the OLA.

Institutional Coordinator

**Ing. Lukáš Pospíšil**

**CULS accepts nominations of Erasmus students until June 15th for the winter semester and November 15th for the summer semester.**

# ACCOMMODATION AT HALLS OF RESIDENCE

In order to secure the transparent and equal treatment of all applicants, we publish the application form's availability in the second half of June.

We have **3 rounds** of application. Each round accommodates students in the following situations:

## FIRST ROUND

- Students who require a visa for study, as a confirmation of accommodation is a legal requirement in the visa process.
- Students who were awarded the Top-Up Erasmus Grant for students from disadvantaged socio-economic environments (for details, as the Erasmus coordinator at your home university)
- Students from the following income groups set by the World Bank: low, lower middle and upper middle income.

## SECOND ROUND

- Students from Group 3, according to the Erasmus+ Programme Guide 2019, page No.45: Bulgaria, Croatia, Estonia, Latvia, Lithuania, Hungary, Poland, Romania, Slovakia, Slovenia, FYROM North Macedonia, and Turkey.

## THIRD ROUND

- The remaining spaces will be offered to all students on a „first come, first served“ basis.

### **The conditions for accommodation in CULS dormitories:**

CULS Halls of Residence offer accommodation only in the form of two, twin-bedded, shared rooms. Monthly rent is approximately **3 500 CZK** and residents are obliged to pay a **5 000 CZK** deposit. Rooms are equipped with a fridge and hot plate, pillows, duvets and bed sheets.

# HALLS OF RESIDENCE

Halls of Residence are located on campus and are well-equipped. Each room is equipped with basic amenities, i.e. writing desks and cupboards, reading lamps and cleaning equipment (broom, bucket etc.). Laundry rooms are situated on the ground floor of each residence hall. You can ask for the washing machine room key at the reception desk in each residence hall. The costs for using the washing machine will be deducted from your electronic wallet (see ISIC below).

Accommodation costs: **3 500 CZK** approximately **140 EUR** and includes bed, pillow, blanket, sheets (see Laundry Service below), heating, warm and cold water, local taxes and insurance. Students may pay extra for internet connection (**162 CZK** (approx. **8 EUR**) per month). Do not forget to bring your Ethernet Cable with you.

Most of incoming Erasmus students are accommodated at the EFG and JIH Halls of Residence. Rooms in the EFG and JIH have two beds. Bathrooms are always shared between two rooms.

# WELCOME WEEK

**Welcome Week** is organised one week prior to the start of each semester and is compulsory for **incoming Erasmus+ students** and international exchange students from non-EU countries. The programme includes campus tours and several social events, providing students the opportunity to meet new friends and settle into campus life before studies begin. Welcome Week attendants will also receive detailed information regarding registration and enrolment procedures.

**Welcome Week** for **2019/2020** will take place from **23. - 27. 9. 2019** for the winter semester and **3. - 7. 2. 2020** for the summer semester.

Incoming ERASMUS+ students and other international students wishing to take part in this programme can receive information from our Erasmus+ incoming students coordinator.

# ARRIVAL INFORMATION

## HOW TO GET TO CULS

Our **Campus** is located in the **Suchdol** city district in northern Prague. First, you need to get to the metro station, **Dejvická**. From there you can take the bus No. **107** or **147** and get off at the bus stop, **Zemědělská Univerzita**.

## COMING BY PLANE

Prague's Václav Havel Airport is located 15 km west of the city centre. If you would prefer to use public transportation instead of a taxi service, getting to CULS is an easy bus+metro ride. Below are the steps to reaching campus from the airport:

1. Take bus no. **119** (the bus line is available from both Terminal 1 and Terminal 2) to the Metro Line A (Green) station, **Nádraží Veleslavín**.  
Note: each stop is announced on the public address system in the bus and metro.
2. Take the metro in direction of **Skalka/Depo Hostivař**, and get off at the **Dejvická** station.
3. From **Dejvická**, take bus no. **107** or **147** and get off at the **Zemědělská Univerzita** stop.

Here you can find  
**CULS**

## COMING BY TRAIN

There are two central train stations in Prague: **Hlavní nádraží** or **Holešovice**. Below are the steps to reaching campus from the train station:

1. Take the Metro Line C (Red) and get off at the **Muzeum** stop.
2. Transfer to the Metro Line A in the direction towards **Motol** and get off at **Dejvická**. To transfer, simply follow the arrows pointing in the direction of Metro Line A.
3. From **Dejvická**, take bus no. 107 or 147 to the bus stop **Zemědělská Univerzita**.

# ARRIVAL INFORMATION

## COMING BY INTERNATIONAL BUS

International bus passengers arrive at the Bus Terminal, Florenc. This bus terminal is location on the Metro line C. Below are the steps to reaching campus from the bus station:

1. Take the **Metro line C** and get off at the **Muzeum stop**.
2. Transfer to the **Metro Line A** in the direction towards **Motol** and get off at the **Dejvická stop**.
3. From **Dejvická**, take bus no. **107** or **147** and get off at **Zemědělská Univerzita**.

## PICKING UP SERVICE

If you require assistance to reach CULS from Prague Václav Havel airport or the train station, please fill out the following registration form under Erasmus Student Network (ESN): [my.esnculs.cz/register/international](http://my.esnculs.cz/register/international)

## Together we are one family!

ESN CULS Prague (formerly #BUDDY\_GO!) is an international student club at the Czech University of Life Sciences and is an official section of the ESN Czech Republic. Together, we are helping upcoming students from all over the world. Our members are not exclusively from the Czech Republic, but also from different cultures, interests or study programmes. Together, we are one family.

Find us on facebook [www.facebook.com/esnculsprague](https://www.facebook.com/esnculsprague)

# AFTER YOUR ARRIVAL AT CAMPUS

## CHECK IN AT CULS HALLS OF RESIDENCE

All residents must sign an accommodation contract with their respective Hall of Residence

### MANAGER

**Ms. Monika Kurková** (JIH Hall of Residence)

**Mr. Pavel Řeřábek** (EFG Hall of Residence).

Students are kindly requested to arrive only during official workdays (Monday-Friday from 08:00 to 15:00) in order to register and pay for accommodation. For this signature, students will need a valid passport (for EU citizens, an ID card is sufficient). For more information, please ask reception for the location of the respective manager's office.

Payment for accommodation can be made at the CULS Central Cash Desk, situated on the ground floor of the **Study and Information Centre** (SIC).

The accommodation fee has to be paid by the 15th of each month.  
After your arrival, you will be prompted for the deposit – **5 000 CZK**.

# PRACTICAL INFORMATION

## DURING YOUR STUDY STAY – CHANGES IN YOUR LEARNING AGREEMENT

If there is a time overlap with your courses, or if a course does not meet your expectations, you are allowed to make a change in your schedule **within the first two weeks of the respective semester**. Changes requested after this deadline will not be considered. Changes are made via Online Learning Agreement.

## IS.CZU.CZ – UNIVERSITY INFORMATION SYSTEM (UIS)

UIS is the most important webpage for your future study at CULS. On this page, you can see your timetable, grades, exam applications, etc. Your login and password information will be sent to you prior to your arrival. If you fill in your bank account number, you may receive a housing scholarship (the application is available in your UIS account).

## ISIC CARD

The ISIC card is a student card which can be used for entering university facilities. It also serves as a transportation card, university electronic wallet (note: only on the CULS campus), and restaurant discount card for restaurants outside of the university.

The card is issued by **Study Information Center (SIC)** and it costs **280 CZK**.

The **University Electronic Wallet (UEP)** account allows you to pay in the canteen and coffee/snack machines while using your ISIC card. To open a UEP, you must pay a **300 CZK** refundable deposit. The ISIC card then becomes active in 24 hours.

# PRACTICAL INFORMATION

## PUBLIC TRANSPORTATION CARD AND FARES

- Your valid ISIC card
- Alternative public transportation card

We recommend that you use your ISIC card as your public transportation card. It is easy and you can top up your ISIC directly in Menza – ČZU shop.

If you do not want to use your **ISIC** as your public transportation card, you need to have an approved special document (Application for Transportation Card) which you can receive at the Erasmus office. You will also need a passport-sized photo. It is possible to obtain this alternative public transportation card from Prague's Public Transport Company (Czech translation: DPP) located at almost all metro stations. The nearest transport company is at the station, Dejvická.

## JÍZDNÍ ŘÁDY IDOS

Download an app for your phone to easily find your connection in the Czech Republic – available in English and German as well.

## MONTHLY COSTS OF LIVING AT CULS CAMPUS

Accommodation at CULS Halls of Residence - 2 beds, shared bathroom & toilets	130 EUR
Health insurance	75 EUR
Meals (Lunch & Dinner)	250 EUR
Monthly Student Pass (Metro, Tram, Bus) for students below age 26	6 EUR
Monthly Pass (Metro, Tram Bus) for students older than age 26	20 EUR
Miscellaneous	100 EUR

## UNIVERSITY CASH DESK

All payments for accommodation, safety deposit, etc. are paid in cash or debit (VISA or Mastercard) at the university cash desk, situated on the ground floor of the Study and Information Centre (SIC). The CULS ISIC Card and ISIC insurance fees can only be paid in cash at the university cash desk (SIC).

## OFFICE HOURS

**Mo - Fri** from 8:00 to 12:00 and 13:00 to 15:00

**Are you a non-EU citizen incoming Erasmus+ student?**

## REGISTERING WITH FOREIGN POLICE

Non-EU citizens, accommodated at CULS Halls of Residence, will be automatically registered with the foreign police by the CULS Halls of Residence management office.

To prolong your student visa, you must go to the foreign police office located at: Oddělení Migrační a Azylové politiky, Hládkov 682/9

Praha 6 – Střešovice

Make an appointment via following link <https://frs.gov.cz/en>

## STUDY

Each academic year is divided into two semesters.

- Winter
- Summer

The duration for one semester is 12 weeks. Each semester is divided into a:

- 12 week course period, during which students attend 5 - 6 different course units
- 3–5-week examination period

## BANK ACCOUNT

To open a bank account, you will need two identification documents – **passport + ID** or driving license – your **ISIC card** and a **Confirmation of Study letter**.

\*You can obtain a Confirmation of Study from the International Office in the Rectorate building.

In the Czech Republic, there are plenty of available banks. If you want to have access to an ATM close to the university, we strongly recommend **Komerční banka** or **Česká Spořitelna**.

## HOUSING SCHOLARSHIP

### Only for students who have already arrived at CULS Prague

If you want to receive a housing scholarship, you will need a **Czech bank account**. To open an account, you will need a **Confirmation of Study letter**. You will be provided this document at registration. If you happen to misplace your document, you can ask for a new one at the International Relations Office during office hours.

When you have your **Czech bank account**, go to: [is.czu.cz](https://is.czu.cz), log in, click on student's portal, click on Bank accounts and add your account number.

Then, fill in the application for the housing scholarship. The process for this application is the following: go to [is.czu.cz](https://is.czu.cz), click on Student's portal, click on Accommodation benefit application form and fill it in. The result has to be an active request.

If you have some questions about your scholarship, please contact Mrs. Marika Černá at the following email address: [cerna@rektorat.czu.cz](mailto:cerna@rektorat.czu.cz)

## HEALTH INSURANCE

### EU Citizens Health Insurance

Legal regulations concerning medical care for EU students involved in mobility programmes, such as ERASMUS, CEEPUS etc. stipulate that incoming students have free access to any necessary health care during their study/research periods in the Czech Republic.

Incoming students who are EU citizens are entitled to the same healthcare as Czech citizens.

Prior to Treatment: Students who are EU citizens must present their EU insurance card (EHIC) and a Certificate of Insurance delivered by the Czech General Health Insurance Company (Všeobecná Zdravotní Pojišťovna aka VZP). This certificate is provided free of charge at any VZP branch office. If you do not have this certificate, you may have to pay a fee for each doctor visit (starting at **600 CZK**).

### Non EU Citizens Health Insurance

Students from non EU countries must have a supplementary travel health insurance, covering the entire period of their stay in the **Czech Republic** before applying for their visa. They also must obtain the above-mentioned **Certificate of Insurance** from the Czech General Health Insurance Company (**Všeobecná zdravotní pojišťovna**).

Students from non EU countries staying in the Czech Republic longer than 3 months – i.e. a semester or an academic year – must have a contract with an insurance company in the Czech Republic or with an insurance company authorised by the Czech Embassy in their country of origin.

Please consult with your CULS coordinator at CULS before you apply for a long term visa. A Czech visa will not be delivered if insurance is not recognised by the Czech Embassy.

# HOW TO CONCLUDE THE STUDY STAY

In order to finish your study stay at CULS, you need to fulfill the following conditions:

- You are obliged to confirm course results in your UIS student account once all grades have been uploaded. The deadline for this confirmation is approximately one week prior to your departure from CULS. An exception is made for those who have exams scheduled after this date. If the grade has not been uploaded, you are required to contact your teachers by yourself and notify the CULS faculty coordinator by e-mail.
- Fill in the third part of your Learning Agreement – After the Mobility. The document must be filled and printed out with correct arrival and departure dates. The CULS coordinator will stamp it and sign it **THREE DAYS** prior to your departure. The document can be downloaded via the following QR code:

If the sending (home) university requires its own duration of stay confirmation document, the respective student is required to fill in and bring a hard copy to CULS coordinator's office.

# SUM UP - CHECKLIST

## BEFORE ARRIVAL

- Nomination of Erasmus+ incoming student to CULS
- Uploading information and documents into a newly created student profile
- Online Learning Agreement + selection of courses at CULS
- Application for accommodation

## ARRIVAL

- Directions to CULS
- Check in at the Halls of Residence
- Registration at the CULS International Relations Office + obtaining a Confirmation of Study letter
- ISIC card
- Public Transportation Card
- Bank account
- Application for a housing scholarship
- Within first two weeks – changes of study plan, if it is applicable

## THE END OF THE STUDY STAY

- Check your study results in UIS
- If there is a missing grade – contact the relevant teacher to upload the grade
- Fill in the „After the Mobility“ section of the Online Learning Agreement
